The Vigor of Swift & Company Continues Only Because of Service

The only "control" over the packing industry is the "control" that gathers about the ability to do a necessary job in the best way.

Swift & Company has reached a leading place in the industry because the size and character of the job of providing a nation's meat require the wide and thorough organization, the experience and devotion to duty, found in an institution like Swift & Company.

The moment Swift & Company ceases to perform its functions of usefulness with the greatest efficiency and satisfaction to the people, its position in the industry will vanish.

Swift & Company service is performed at a profit of a fraction of a cent per pound.

Thomas Haley, 65, Injured By Fall from Roof of House.

Thomas Haley, aged 65 years, had a narrow escape from serious injuries yesterday when the staging on the roof of F. A. Parsons' large barn which he was shingling broke down when he stepped upon it, throwing him about 30 feet to the ground, a part of the staging falling at the same time. He was badly shaken up and a jaw was broken, his tongue was cut and there were bruises on his head and other parts of his body. He was unconscious for half an hour. Miss Edna Parsons saw him fall and he was given first aid by members of the family, after which he said he felt better and would go home. He was carried by Ezra Parsons, his home being the next house toward the village. Later not feeling so well, he walked to the home of his nearest neighbor, Charles Billings, where further aid was given him and Dr. O. V. Greene was called. He took him to the sanatorium, where the jaw fracture was reduced and other treatment given. It is considered remarkable that more serious injuries were avoided. Mr. Haley lives alone in a cottage which he built last year, one mile from this village.

People Constipated and Don't Know It!

It seems odd, but it is true, that you may be constipated and not know it.

You can see why it is. Take a glass and pour in water until full. If you keep on pouring in water after the glass is full, it will run over, but the glass stays full.

Just so with your bowels; they get full of waste matter, and then they pass off or expel from the body only about the same amount that goes into it in the form of food.

So you may have a movement of the bowels every day and yet there will remain waste matter that ought to be removed.

Give your bowels a gentle but thorough cleaning out and you'll feel great.

A fine prescription for this is put up and sold under the name of Dr. True's Elixir. Doctors and druggists use it in their own families. Costs but little and brings health to men, women and children. Sweet and pleasant tasting. Works gently. Children like it. Remember the name, Dr. True's Elixir.—Adv.

HARDWICK

State's Attorney Campbell Finds Two Stolen Bicycles.

State's Attorney Campbell of St. Johnsbury was called here the first of the week to investigate thefts of bicycles. A visit was made to the home of Albert Palmer in Mackville and two bicycles recently stolen were discovered in an attic in a room in which the door was nailed up with boards. One of the Palmer boys admitted the thefts. One bicycle was taken from the piazza of J. H. Clark's house over two months ago and the other belonged to Francis Phillips, the latter machine the Palmer boy claimed to have found in a ditch, but he changed his story later. It is understood that he pleaded guilty.

The local postoffice recently underwent several changes. In being changed to third class it necessitated dropping some clerks and Misses Irene Sullivan and Ellen Gallagher finished work, and Miss Nellie Sheehan takes their place. It is also understood that the change cut down the salary slightly.

Garden thieves have already begun their nefarious and low-down dirty work of stealing garden vegetables from the several nice gardens in the village, and nothing was more natural than "Barb" Clark's should be the first one visited. Let us do something to put an end to this kind of thievery this summer.

WELLS RIVER

Woodsville Defeated the Local Baseball Team By Score of 14 to 4.

In a second game played with Woodsville, Wells River was defeated 14 to 4. The game throughout was marred by a comedy of errors and ragged playing, which was more fitting for a kindergarten team than for the Wells River players. Woodsville played an excellent game, taking advantage of every opportunity to boost their batting and fielding averages. On the other side, Wells River tried to present to Woodsville as many runs as possible. The errors they made, the poor plays they pulled off, the way they attempted to bat would have driven a sane man crazy. The line-up was:

Wells River. Woodsville.

Constipation Results When Hot Weather Stops Exercise

WHEN the system has become accustomed to a certain daily routine of exercise and food, health is quick to suffer if that routine is interfered with. The bowels are first to notice the change.

Different water is enough to constipate. Changes of food when traveling, much sitting by those accustomed to long walks will do it. It is especially true that when elderly people change their routine they quickly become constipated. Yet elderly people should be particularly careful to keep their bowels open, especially during the hot months.

A better remedy for the purpose cannot be found on a druggist's shelf than Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin which trains the stomach-muscles to do their work naturally so that medicines can be dispensed with. Only a small dose is needed, and unlike harsh physics and cathartics, it acts gently and without griping.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size, or a free trial bottle will be sent on receipt of your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

For Biliousness

Biliousness is a common form of indigestion. It is brought on by food-waste which the stomach, intestines and bowels fail to expel. If you will take a few doses of Beecham's Pills, when bilious, you will soon rid yourself of the impurities, relieve sick headache, stimulate the liver and bile and tone the stomach.
